Circuit Testers & Diagnostic Meters

// 10 PRODUCTS

PP3PF

POWERFLOW™ CIRCUIT TESTER

WATCH

- Circuit loading exposes voltage drops & weak grounds
- Applies 12V/24V power or ground for component testing
- 25 kΩ resistance · 10A breaker

PP3

POWER PROBE 3 CIRCUIT TESTER

WATCH

- DC voltmeter with active feedback & audible monitoring
- Bad ground and short circuit indicators
- Relay and component tester with LED work lights

PP4

EVERYTHING IN THE PP3, PLUS:

WATCH

- Component tester and fuel injector tester
- AC-RMS, peak-to-peak, frequency & pulse-width testing
- PCM/ECM driver for safe computer circuit testing

PP3EZ

ESSENTIAL CIRCUIT TESTER

WATCH

- Apply power or ground to test motors, lights and fuses
- Test for good or bad grounds and continuity
- 5V reference with the PPT5VA adapter

MAESTRO

EVERYTHING IN THE PP4, PLUS:

WATCH

- Trace mode offers scope-like functionality
- AC voltmeter: TRMS, min/max, frequency, duty cycle
- DC voltmeter that also applies voltage or ground

PPDM300AUTO

AUTOMOTIVE TEST METER

WATCH

- Guided cranking & alternator charging tests
- 1000V · 30A · resistance & diode

ALSO WATCH · 30A CLAMPS

PPDM600MAX

ADVANCED DIGITAL MULTIMETER

WATCH

- Guided test-lead prompts for every test mode
- 40MΩ resistance · 100kHz freq & duty · 40mF capacitance
- Bluetooth Link App · IP67 · temp to 1200°C

PPDRAW

PARASITIC DRAW MONITOR

WATCH

- Monitors parasitic draw through the OBDII port
- 10A Smart Battery Output doubles as a memory saver
- Graphing mode plus Bluetooth logging in the Link App

PPFUSE

FUSE DRAW LOCATOR

WATCH

- Locates draw across fuses without removing them
- Shows inactive, active or open at a glance
- Works with PPDRAW to isolate the source fast

PPECT3000

OPEN / SHORT FINDER · ECT3000B

WATCH

- Find shorts and breaks without pulling panels or carpet
- Sensitivity 1–8 in with visual & audible navigation
- Cars, boats, RVs, trucks and trailers

Specialty Meters, Tips & Accessories

// 10 PRODUCTS

PPEVTEST

EV & HYBRID INSULATION TESTER

WATCH

- Insulation resistance to 1000 VDC / 200GΩ with PI & DAR
- Wire length calculator by gauge — ideal for windings
- 400-result memory · remote test button · Link App

PPDMM

HYBRID-SAFE DIGITAL MULTIMETER

WATCH

- CAT-IV 600V hybrid safe rating
- Digital volt and ohmmeter for circuit testing
- Frequency for sensor testing · K-type probe included

PPVT750LCD

TWO-POLE VOLTAGE TESTER

WATCH

- AC/DC 750V with 2,000-count digital display
- Dual ACV display with frequency · 2kΩ resistance
- Single-pole phase detection · IP65 for outdoors

PPDCM80

80A DIGITAL CLAMP METER

WATCH

- AC/DC voltage to 600V · AC/DC current to 80A
- 4000-count display · 24 mm (0.9") jaw opening
- Auto and manual ranging · auto power-off

PPAMP TIP

AMP CLAMP TIP ACCESSORY

WATCH

- Measures current up to 20.0A with auto ranging
- Over-range display shows "OL"
- Auto shutdown after about 10 minutes

PPWM TIP

PULSE-WIDTH MODULATION TIP

WATCH

- Outputs a 0–100% pulse width drive waveform
- Built for cooling fan and driver circuit diagnosis
- Pinpoints the failed part of the circuit

PPT5VA

5-VOLT REFERENCE ADAPTER

WATCH

- Current-limited 5V output for sensor circuits
- Provides a stable 5-volt reference voltage
- Standard 4mm banana connector

TEMPKIT

WIRELESS TEMPERATURE KIT · TEMPPROBE

WATCH

- Measures temperature at two locations, -9° to 158°F
- Wireless readings up to 16.5 ft line of sight
- Backlit LCD · ±2.0° accuracy · extra probe available

PPECB

OBDII BREAKOUT BOX

WATCH

- Test the DLC for shorts or reverse polarity first
- Live display of communication signals on pins
- All 16 pins accessible · low-voltage alarm

PPMULTITORCH

3-IN-1 HEATING PLATFORM

WATCH

- Torch, soldering iron and hot air blower in one
- 90° rotating head · adjustable flame · swappable tips
- Ready-to-use kit with solder, stand and deflector
